

Part Number: HD-XB12S7-L-G & HD-XB12S7-L-GL

Description: Gunfighter & Gunfighter & Lady

Fitment: 2007 Buell XB-12Ss "Long"

Revision: 1

Tools Required	Parts List
	Corbin Saddle

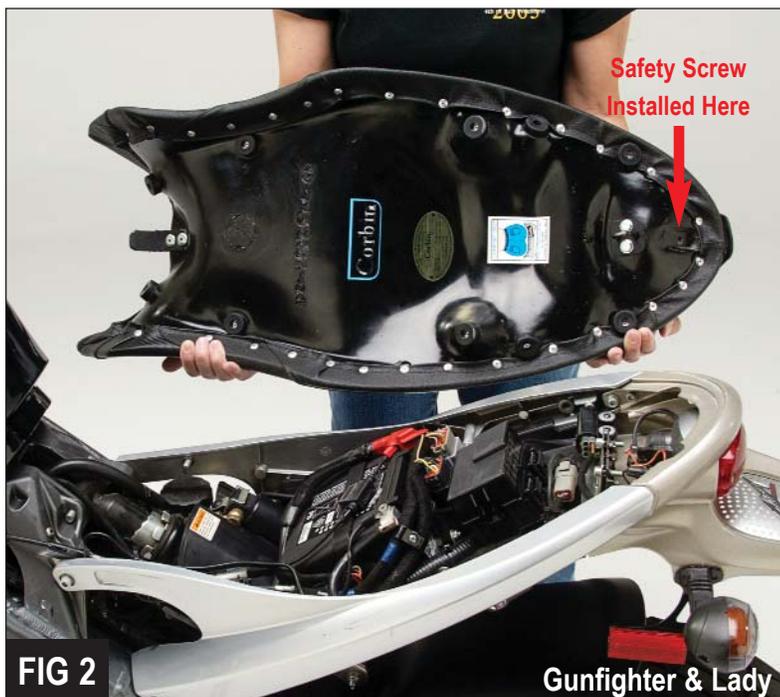

Saddles mount to your Buell just like stock with brackets preinstalled on the Corbin seats. Latching is secure with your stock key-lock.

1. Remove stock seat.
2. Slide the front tongue into the base of the gas tank, then align the rear of the saddle to the rear mounting bracket and push down until it locks.

NOTE: If you will be using the rider's backrest on Corbin's Gunfighter & Lady saddle, install it before latching seat to bike. There is a safety screw that must be installed and you cannot reach it with the seat mounted on. (Figure 2)

3. To release the saddle, use the stock key on the left side of the bike.

NOTE: Rear bracket can be adjusted to get the best fit.
