

Part Number: HD-ST8-200-KQ

Description: Widowmaker saddle

Fitment: 2007-2008 Harley-Davidson FXSTC Softail Custom

Revision: 2

Tools Required	Parts List
<p>7/16" Combination wrench or socket 5/32 Hex key (Allen wrench)</p> <p>From a local Harley Dealer: Sissybar upright #51849-07 (Original equipment on 2007+ FXSTC)</p>	<p>Widowmaker saddle 2 1/4" x 20 x 1" Chrome button head screw 2 1/4" Chrome flat washer</p>

NOTE: We recommend the use of a thread lock product such as Loctite® when assembling parts on your motorcycle.

1. This saddle is designed to work with the Harley-Davidson sissy bar that comes as original equipment on 2007+ Softail Custom models as shown in Figure 1.

If adding a sissybar to other Softail model, please refer to the H-D part numbers listed above.

2. Remove stock saddle and passenger grab strap. Grab strap will need to be unbolted from bike using 7/16" socket or combination wrench.

3. Corbin saddle installs with a tongue in the front and bolts to sissy bar. Lower seat into position nose first to engage the tongue.

4. Lower saddle to sissy bar and secure with included chrome acorn nuts and washers through the bar and into the saddle as shown in Figure 2. We recommend a light hold threadlock such as Loctite® BLUE on these bolts.

Enjoy the ride!
