

Part Number: KLX-230-23

Description: Rally Saddle

Fitment: 2023 Kawasaki KLX 230S

Revision: 1

Corbin

Tools Required	Parts List
8mm Socket Wrench	

1. Starting on the left side of the bike, remove the side cover using your stock key (*Figure 1*). Turn the key to unlock the side cover, pull out (*Figure 2*) and slide back (*Figure 3*).

FIG 1

2. Remove the bolt on the passenger grab strap, using a 8mm socket wrench (*Figure 4*).

3. Remove the bolt on the stock seat, using a 8mm socket wrench (*Figure 5*).

4. Remove the two bolts on the right side cover, using a 8mm socket wrench (*Figures 6 & 7*).

5. Pull out, slide back and remove the side cover (*Figure 8*).

FIG 2

6. Remove the bolts on the passenger grab strap and stock seat, using a 8mm socket wrench.

7. Remove stock seat.

NOTE: Passenger grab strap will NOT work with the Corbin seat.

8. Install the Corbin seat like stock with a tongue in the front and two mounting bolts from the sides, reusing original bolts for mounting.

FIG 3

NOTE: Brackets on the Corbin seat are adjustable.

9. Reinstall side covers.

Enjoy!
